associated with this walk for injury or illness including death that may result from my participation in this event. In addition I assent to the use of any photo, film or video tape for any purpose.

## A Million Dreams Pledge Drive

...From dreams to reality, one child at a time

## Project Spotlight: Shristi

Shristi, an academy for intellectually challenged and autistic individuals is perhaps a one of its kind instituion in India. Since its foundation, as a

non-profit social affairs organization, Shristi functions as the nerve center of various activities focusing on child development education, rehabiliation of mentally challenged and autistic children. The project tries to provide community based rehabi-

litation services to those with disabilities, helping them to acquire education and vocation skills to enjoy better quality of life. The project located around the Chennanahalli campus. Chiguru, Dhristi, Saathi, Prayathna are some of the projects undertaken by Shristi.

As part of Shristi's community enrichment program, Chiguru an inclusve pre-school was started in 2004. The aim is to provide a high quality learning experiencce along with screening for developmental disabilities early, so that main-streaming to regular school would be easy. The curriculum defined by UNICEF focuses on language, congnitive, vocation as well as social skills. VIBHA has funded (\$9506 in 2007) the salaries of staff, transportation of children, meal expenses etc.

> You'll be surprised how little it takes to make a difference, how little it takes to bring a smile to a child's face.
